General Comments

“I just think my dr is perfect for me. The only thing I would like them to improve on is not blaming everything on my weight it hurts a lot when said.”

“signs as to what wing you numbered rooms are ensure all you drs know your policies I was told that I would not need to see a dr or a nurse to get my repeat prescription by a dr – turns out this is not the case when my repeat prescription was not able to be filled , no one notified me , I only found out when I came to the surgery. It would have been more efficient to have been called when this issue was noticed “
